Penectomy, or penis amputation, is a common treatment for penile cancer. If at all possible, the surgeon will aim to leave as much of the penis intact as possible. A surgery in which only part of the penis is removed, usually just the tip, is called a partial penectomy and allows the man to continue urinating standing up and have a full, though changed sex life. A man with a partial penectomy ...

[Gangbang & penectomy - ThisVid.com](#)

In ancient civilizations, the removal of the human penis was sometimes used to demonstrate superiority or dominance over an enemy. Armies were sometimes known to sever the penises of their enemies to count the dead, as well as for trophies. The practice of castration (removal of the testicles) sometimes involved the removal of all or part of the penis, generally with a tube inserted to keep ...
