Petroleum politics have been an increasingly important aspect of diplomacy since the rise of the petroleum industry in the Middle East in the early 20th century. As competition continues for a vital resource, the strategic calculations of major and minor countries alike place prominent emphasis on the pumping, refining, transport, sale and use of petroleum products.

Norwegian oil and gas company Equinor has decided to write down the book value of its Tanzania LNG project (TLNG) on the company's balance sheet by \$982 million. The company said Friday that while progress has been made in recent years on the commercial framework for TLNG, overall project economics have not yet improved sufficiently to justify keeping it on the balance sheet. "The TLNG ...
